Review the MCT Core Curriculum

All the videos and quizzes are required to receive the 3hrs of election training for the MCT Core course.

Begin with the **Introduction** video.

MCT Core Curriculum

New municipal clerks are required by state statute to attend the 3-hour Municipal Clerk Core Curriculum (MCT Core) Course to be considered certified to conduct the elections in the current term. Municipal clerks must accumulate a minimum of six hours of election training each term to recertify for the following term. This MCT Core course counts for three of the six hours of required training.
